The following is a list of contributions of general corporate funds in the amount of \$5,000 or more to support or oppose the election of candidates for office or ballot initiatives.

Organization	Contribution
California Business Properties Association PAC	\$6,500
California Retailers Association Good Government Council	\$6,500

Interested Merchants Political Action Committee	\$7,000
New York Retailers for Effective Government	\$5,000

Target is also a member of national organizations such as the Democratic and Republican governors and attorneys general associations. Our team members attend conferences and other events hosted by these organizations to learn about the elected officials, policy priorities and initiatives and to share a retail perspective. However, because these organizations primarily engage in political efforts, we disclose our memberships as political contributions. Target expressly requires that our funds are used only to support educational and association management activities and not for campaign contributions.

Organization	Contribution
Democratic Attorneys General Association	\$10,000
Republican State Leadership Committee (Republican Attorneys General Association)	\$10,000
Democratic Governors Association	\$50,000
Republican Governors Association	\$50,000
